## **Letter from the Athletic Director**

I would like to take this opportunity to thank all of you for your support of the many activities and athletic programs offered here in the South Euclid Lyndhurst school district. Whether we are parents, teachers, staff or simply fans, we are proud of our students as they dedicate and commit themselves to their chosen athletic endeavors.

We encourage participation in athletics because it provides our students with important lessons for life such as teamwork, self-discipline, courage and fortitude. By offering a wide variety of programs – 23 sports, our students can find a place where they can apply their personal skills and talents as our institution continues its rich tradition.

Our community has high standards in regard to sportsmanship and conduct. We expect our students, coaches and parents to uphold these standards at all times. I would ask that everyone help reinforce these standards when you interact with the opposing teams, coaches and contest officials.

Good luck to our teams and let's make it a great season.

## Philosophy

Competitive sports are an inherent part of the total educational program for students in the South Euclid Lyndhurst City Schools. Interscholastic athletics provide numerous opportunities for students to participate in activities that promote growth and development, social and recreational skills as well as an opportunity to develop leadership qualities.

The major emphasis of interscholastic athletics is skilled play and good sportsmanship. Every attempt will be made to provide favorable playing conditions in order that the competitive experiences of our athletes may be wholesome, and result in the attainment of positive attitudes and conduct. Interscholastic athletics are a privilege, not a right.

A student becomes subject to the South Euclid Lyndhurst Schools athletic policies and the rules of the Ohio High School Athletic Association upon registering in the school district and expressing an interest in a specific sport to the coach. In addition, all athletes are expected to follow the specific rules associated with individual athletic teams on which they participate.

## **Academic Eligibility**

### *Interscholastic-Athletic Eligibility Policy*

In the South Euclid Lyndhurst Schools, students are encouraged to participate in extracurricular activities and sports. In order for a student to remain an active participant in athletic activities, he/she must maintain a certain level of academic achievement. If a student's grades fall below a 2.0 standard of eligibility, he/she may be placed on academic probation or be eliminated from participation in the specific SEL sport/activity.

The South Euclid Lyndhurst Board of Education shall determine the academic standards of eligibility to be met by all students participating in the extra-curricular activities/interscholastic athletic programs. In addition to the eligibility requirements, any student participating in interscholastic athletics must also meet the eligibility requirements established by The Ohio High School Athletic Association.

The Ohio High School Athletic Association Academic Eligibility Standard:

1. During the preceding grading period, the student must have received passing grades in a minimum of five courses or the equivalent (Excluding  $\frac{1}{4}$  credit PE Classes), which counts toward graduation or promotion to the next grade level.

The Ohio High School Athletic Association Academic Eligibility Standard for Memorial Jr. High School is the same as high school. Exception: – All incoming 7th graders shall be eligible for the fall sports season and all classes count toward eligibility.

2. Students are only eligible 4 years from the date they enter high school.

*The South Euclid Lyndhurst Board of Education Academic Eligibility Standards are as follows:*

1. Students must maintain at least a 2.0 grade point average for the grading period preceding the grading period in which she/he wishes to participate.

2. In the case of a student being educated under an IEP or 504 Plan, the IEP/504 Team shall determine whether or not the student has met eligibility standards appropriate for participation in extracurricular activities/interscholastic athletics.

3. Students who fall between a 1.00 and 1.99 GPA may become eligible if they agree to follow the Probationary Eligibility Policy. If they are below a 1.00 grade point average, the student is ineligible until the next grading period (i.e., until the next nine-week grading period is up).

### **Probationary Eligibility Policy**

The student athlete must attend two (2) study table sessions a week. Team study tables are acceptable as part of this policy. On Friday, or the last day of the week, the study table monitor will file a report of attendance. The appropriate coach of any student on Probationary Eligibility who is declared ineligible for the next week will be notified.

Providing the student completes all requirements of Probationary Eligibility, the student is will become eligible to compete in extra-curricular activities/interscholastic athletics. If the student does not complete all of the requirements, the student will then be declared ineligible for a one-week period. At that time, the student can regain his/her eligibility or continue to be ineligible. The student is ineligible to participate in contests during that one-week period.

If a student is declared ineligible for two weeks of a nine-week grading period, the student will not be eligible to participate in contests or practices during the 2nd week. If a student is declared ineligible for a 3<sup>rd</sup> week in a nine-week grading period he/she will be declared ineligible for the remainder of the nine-week period.

## **Coaches Responsibilities**

- Maintaining open and honest communication.
- Developing and demonstrating a good knowledge base of best practice specific to their coaching arena.
- Modeling and teaching skills necessary to succeed on and off the athletic arena.
- Supporting and recognizing student academic expectations, responsibilities, and achievements.
- Connecting athletic experiences with life experiences.
- Providing an atmosphere of teamwork and collaboration among coaches and players.
- Becoming an integral part of, and developing rapport with, the SEL community including administration, coaches, parents, and students.
- Modeling good sportsmanship at all times.
- Creating and maintaining a safe and healthy environment for student athletes.
- Promoting and enforcing the student athlete code of conduct and OHSAA rules.

## **Sportsmanship**

The South Euclid Lyndhurst Board of Education recognizes the value of extracurricular activities in the educational process, as well as the values that young people develop when they participate in an organized activity outside of the traditional classroom. Participants involved in Board-approved extracurricular activities are expected to demonstrate and adhere to the same behavioral expectations set forth by the Student Code of Conduct. Students are to demonstrate the same level of responsibility and behavior during practice and competitions as these activities are recognized as an extension of our SE-L educational program.

The Board further encourages the promotion of sportsmanship, ethics and integrity in all phases of the educational process and in all segments of the community. Administrators, participants, adult supervisors, parents, fans, spirit groups, and support/booster groups are expected to demonstrate good sportsmanship.

- *Sportsmanship is a concrete measure of the understanding and commitment for fair play, ethical behavior and integrity.*
- *Sportsmanship is a blending of cheers for 'your team' and applause for the opponents, observing the letter and spirit of the rules and showing consideration for others.*
- *Sportsmanship is the "golden rule" of athletics – treating others as you wish to be treated.*
- *Sportsmanship is demonstrating respect for the opponents and the Officials at all times.*

- *Sportsmanship is maintaining self-control at all times.*
- *Sportsmanship is respect; respect for yourself and others.*

Coaches and both teams shake hands at the end of the contest. Cheerleaders have the opportunity and responsibility to promote sportsmanship. Administrators must establish the importance of the fundamentals of sportsmanship in the minds of the entire learning community and all those associated with SEL school activities.

### **Team Apparel**

**All team apparel (and slogans) must be pre-approved by the Athletic Director and purchased through the coach.**

### **Dress Code on Game Days**

Players are required to dress in the following manner as determined by the coach for each contest. Boys will wear shirt and tie or their team issued collared apparel. Girls will wear business attire or their team issued collared apparel. NO JEANS on days of contests.

### **Transportation**

It is the responsibility of the South Euclid/Lyndhurst City Schools to provide transportation to and from all out of district athletic contests. South Euclid/Lyndhurst requires student-athletes and other participants in interscholastic athletic events to travel with their school teams in school authorized carriers.

### **Home Transportation**

At the conclusion of practices and contests, it is the responsibility of the parent/guardian to provide transportation home for the student-athlete within a reasonable amount of time. In this case, a reasonable amount of time is defined as no later than 15 minutes after the conclusion of practices, home contests or the bus returning to school from out of district contests. Coaches will supervise student-athletes; however, parent/guardians are expected to meet their student-athlete upon the conclusion of the activity. In the event that the parent/guardian is not at the school in a timely manner, the coach will attempt to make contact with the parent/guardian by telephone. If contact can not be made, or the parent/guardian refuses to comply with the request of the coach, and the student-athlete is still at the school one (1) hour after the conclusion of the activity, the South Euclid or Lyndhurst Police will be called for assistance. It is our hope that students are infrequently left waiting for their parent/guardian, however, upon the second occasion that a student-athlete is left waiting; the coach will contact him/her to discuss the matter. If this situation repeats itself a third time, a meeting will be arranged with the parent/guardian, coach and Athletic Director.

### **Playing More Than One Sport in a Season**

A student-athlete who wishes to participate in two sports during the same season must gain the approval of the Athletic Director prior to practicing with both sports. The following criteria must be met before approval will be given:

1. Approval from the parent or guardian.
2. The student-athlete shows evidence of strong academic achievement that would not be compromised by participating in two sports in the same season.
3. Both head coaches must agree the student-athlete would be capable of competing in each sport and would be able to have sufficient practice time for skill development.
4. The student-athlete must decide on a primary sport that would take priority if schedule conflicts occur. Both head coaches must agree on the student-athlete's choice of primary sport.
5. The parent/guardian, coaches, student-athlete and Athletic Director must sign a contract outlining the above criterion.

The South Euclid Lyndhurst School District recognizes the positive value that an ineligible athlete can gain from partially participating with a team. An ineligible athlete will be permitted to practice with a team. The ineligible athlete must accept and understand that they may not get as much practice time as the eligible athletes. The student will be expected to attend contests and support the team from the bench or sideline area, but they will not be allowed to dress for contests. The student athlete will also be required to ride on district transportation to and from away contests and pay the "pay to participate" fee as all other athletes.

### **Procedure for Enforcing Athletic Department or Team Policy**

If there is an infraction of Athletic Department or team policy which might result in denial of participation of more than one game, the procedure listed below will be followed:

1. The coach and athlete will meet to give the athlete a chance to tell his/her side of what happened. At that time the athlete will complete a written statement.
2. The coach and Athletic Director will meet to discuss and review the athlete's written statement, regarding the violation of athletic policy.
3. If it is decided by the coach and Athletic Director that denial of participation of more than a one game is the appropriate disciplinary action, the Athletic Director will issue an Athletic Intent to Deny Participation Form to the athlete.

*If the infraction requires a one game suspension or less, the coach will deal with the athlete on an individual basis. The coach will also inform the parent/guardian of the violation and the subsequent penalty.*

### **Locker Room Admittance**

Only coaches, players, trainers, and team personnel are allowed in the locker room before, during, and after games.

### **Quitting or Dismissal from a Team**

It is the expectation of the Brush High School Athletic Department that once an official roster for a team has been determined; all members of that team will participate through the completion of the season. The completion of the season will be defined as the last contest of the season for the specific identified team. If a team member is dismissed from the team or quits the team, that student is not permitted to attend open gyms or open fields, organized conditioning or try out for another sport until the previous season is complete.

### **Communicating Concerns**

There are appropriate and inappropriate times for student-athletes or parent/guardians to meet with a coach to discuss specific concerns. Please refrain from approaching coaches during practices or on game days. You are strongly encouraged to make an appointment with the coach to discuss your concerns. Contact the coach first; they can directly address the concern. If your concerns are not addressed, please contact the head varsity coach, then athletic director, then principal if needed.

### **Vacation Policy**

Individual player (non-family) vacations are not permitted. There is no penalty or consequence for student-athletes missing mandatory contests and/or practices for co-curricular activities. It is recognized that family vacations may conflict with scheduled team contests and/or practices. Student-athletes missing 1 or more contests during a scheduled family vacation will be required to sit out 1 contest of the coach's choice upon return. Student-athletes missing mandatory practices during a scheduled family vacation will be required to make up missed practices with a coach before returning to their normal position on the team.

### **Inclement Weather**

When school is closed due to inclement weather, athletic events may or may not be cancelled depending on the circumstances. The athletic department will determine this in conjunction with the Superintendent and coaches. Information on practices and/or games when school is cancelled will be communicated to athletes by coaches and through the athletic website and social media outlets.
