SEL Opening Day with Students Screen Shot.png;

Good morning

Welcome to the 2020-2021 school year! On behalf of Brush High School, we are excited for the opening of the school year on Tuesday, September 8th.

As shared in previous school communications home, Brush will be on a modified block schedule this year. This means we will follow Brown/Gold days, where students will have up to four classes on any given school day. For Tuesday, September 8th, this is a Gold day, so students will have to follow classes for periods 3, 4, 7, and 8.

Information regarding how to access Schoology was shared earlier this week. I have included a snapshot as a reminder, so both parents and students can log on to Schoology through their district assigned Chromebook.

Teachers are preparing to email students messages, which will include Schoology information, and other details for classes. Please reinforce the importance of your child accessing their school email multiple times each day.

Finally, as we open the new school year, take the time to enjoy the moment of the first day. Throughout the day on Tuesday, please take the time to snap a picture and post it using #arcnation or #arcpride and @selschools. Here is a link for specific details, including how to access your child's specific grade sign. I am looking forward to seeing our smiling students on their first day of school!
